The Daily Mile Commonwealth Challenge

In school, we take part in the daily mile; you can now do this at home. They have created fun and interactive challenges for you to keep active during these difficult times.

They have created many free resources, which can be found here –
<https://www.sportbirmingham.org/resources>

A free resource, which is available, enables you to win sports equipment for Welsh House Farm by being active at home.

Here is how it works:

Five simple steps:

- 1) Download the free resources below; both interactive online and printable versions.
- 2) Do 15 minutes of Physical Activity at home.
- 3) Mark the relevant day on the Commonwealth Map with a cross; simply click on the circle if you are using the online version.
- 4) At each of the 'milestone countries' listed on the map, read the facts and complete the questions in your Commonwealth Passport to progress to the next country.
- 5) Show your completed map to Mr Jones when you return to school.

The passport enables your child to learn facts about many of the countries that will be competing at Birmingham for the Commonwealth Games in 2022.

Simply cut the sheet in half to create an A5 booklet, and answer the questions as you travel the globe.
